

Poor Little Baby Flannel Game

Copy onto heavy card stock and cut out the faces. Glue the faces to flannel circles or attach the hook side of a Velcro tab to the back. Cut out five rectangles from flannel or card stock, each in a different color (e.g., green, yellow, blue, red, purple), slightly larger than the faces. Place the faces on the flannel board and cover each one with a rectangle. Make sure that the children don't see which face is under which rectangle before you start the game!
