

Fiction/Nonfiction Book Pairs

Choose a pair of books—one fiction and one nonfiction—about the same subject related to technology. Read both books and complete this worksheet.

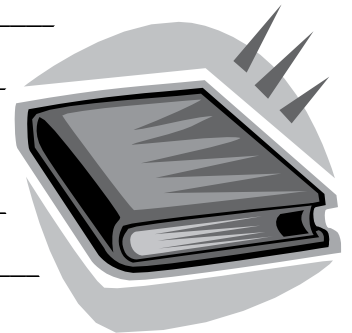

My technology-related fiction book (title and author): _____

My technology-related nonfiction book (title and author): _____

What aspect of technology do these books talk about? _____

Here's how technology figures into my fiction book: _____

Here are three things I learned from my nonfiction book about this aspect of technology that I didn't know before: _____

TRUE or FALSE? (circle one) The author of my fiction book described this aspect of technology accurately and realistically. Explain. _____

If you answered TRUE, did that make you trust the author and believe other parts of the book more?

Explain. _____

If you answered FALSE, did that make you trust the author less and question other parts of the book?

Explain. _____
